PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in developing responsive web applications and browser extensions using HTML, CSS, JavaScript and Python. Built projects in web development and cybersecurity, strengthening problem-solving and software development skills. Familiar with C, Python, Java and JavaScript, and eager to learn and grow as a Software Developer.

TECHNICAL SKILLS

Languages	C, Python, Java, JavaScript
Frontend	HTML5, CSS3, JavaScript, Responsive Design
Developer Tools	VS Code, Git, GitHub, Eclipse, Jupyter Notebook, IntelliJ IDEA

PROJECTS

ClickDefender

HTML, CSS, JavaScript, Chrome Extension APIs

- Developed a Chrome extension to detect phishing websites using blacklist/whitelist verification and heuristic analysis.
- Designed an explainable risk-scoring mechanism by analyzing SSL certificates, URL patterns and domain characteristics to improve transparency in phishing detection.
- Integrated the Google Safe Browsing API to strengthen threat detection while maintaining low browsing latency.

Netflix Clone

HTML5, CSS3, JavaScript

- Developed a responsive Netflix-inspired streaming application featuring authentication UI, profile selection, dynamic content rows and an auto-rotating hero banner.
- Implemented live search, genre-based filtering, title detail modals and a persistent "My List" watchlist using DOM manipulation, event handling and Local Storage.
- Optimized the application for cross-browser compatibility and responsive design across desktop and mobile devices.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

Canara Engineering College, Mangalore, Karnataka | 2023 - Present | CGPA: 8.89

CERTIFICATIONS

- Python Programming - TurboSoft Computer Academy (2023)
- C Programming - TurboSoft Computer Academy (2024)

ACHIEVEMENTS

- Participated in Hackotsava 2025, a national-level hackathon, co-developing the Karmic Canteen System.
- Completed a MERN Stack Development Workshop, gaining hands-on exposure to MongoDB, Express.js, React and Node.js.
